Re: U.S. Application No. 10/053,988
From: Philip Chauvet

Dear Mr. Chambers,

Enclosed is the revised claim 31 and the New Claims #38 and #39 as we discussed.

Claim 31. A sports goal comprising:

an inflatable goal structure comprising an annular member having a central opening to allow passage therethrough of a ball, and a plurality of leg members supporting said annular member in horizontal position;
wherein said goal structure comprises a plurality of tubes formed of non-elastic material each containing a valve means for facilitating inflation and deflation of said structure wherein said sports goals is approximately eight feet tall.

Claim 38. The sports goal of Claim 32 further comprising an inflatable bladder.

Claim 39. The sports goal of Claim 31 further comprising wherein said sports goal is approximately six feet tall.

Sincerely, 
Philip Chauvet
